Jan 2011 Newsletter

Membership Renewal

For those members who have renewed already, thank you. For those of you who need to renew your membership an application is attached for your convenience. Reminder that all members who renew before April 1, 2011....you will receive the Outdoors Magazine as a part of your membership.

We try and keep our members informed of all our events. We provide all members with a yearly calendar of events and have all our events posted to our website. For those of you with email addresses we send out reminders and other data that we receive that we think you might be interested in such as the US Sportsmen's Alliance and Legislation updates. Sometimes this information is sent only to members with email addresses due to time constraints (example – having to cancel the winter derby last year). If you have an email address, please let us know so that we can make sure that you get the most up-to-date. We used to send out a newsletter monthly but sometimes when a newsletter is sent there isn't anything new to send out the following month.

Do you have an event that you would like to see at the club? Let us know. We try to provide you with dinners and speakers that we think you'll enjoy. In the past we have had fly tying classes, reloading classes and various speakers. If there is something that you're interested in learning more about – please let us know!

See other side for Calendar of events.
